

APPENDICES

Format of the Appendix Section

This explanation of the format of this section is really a continuation of its parallel in Volume 8-1, also called “Part I.” So, be sure to read that one. In distinction from Part I, this 8-2, also called “Part II,” is available in all four forms: the hard copy of the book, *Companion CD* as well as on the website < www.lulu.com > and, of course, here on this *Islamica* page.

The **numbering of the appendices** from Part I and Part II is continuous. The last appendix of Part I is number 69; the first of Part II is 70.

The **Bibliography** of Part II covers Part I as well as the numbered appendices.

The **Index** in Part II covers only Part II. At this point there is no index for Part I. Whether one will be generated later remains to be seen. I apologize for this inconvenience.
