NOTES:

1. This Bibliography contains the sources used for both Parts 1 and 2 of this volume. That means, it covers the book you may be holding but also Part 1 that is only on the *Companion CD*. That *CD* contains all the volumes of this series, including all the appendices and thousands of additional articles of interest to readers of this series. It is an inexpensive way for you to obtain the entire series. If you cannot get hold of the *CD* check the Islamica page on my website at www.SocialTheology.com or email me at boerjf@hotmail.com.
2. Readers need to pay close attention to appendices in this Bibliography. There are references to many appendices found in different volumes of this series. However, an entry like “Appendix 97” that follows a period (.) and has no additional introduction, means it refers to an appendix in this Volume 8.
